Summary

Experienced software professional adept at managing configuration, deployment, and version control for Windows and web applications. Proficient in languages such as Angular, React, and Node.js. Skilled in connecting applications to databases including Oracle, MySQL, and SQL Server. Strong advocate for best practices in Software Configuration Management (SCM). Seeking new opportunities to leverage expertise in modern web development technologies

EXPERIENCE

2017 - 2024

Full Stack Developer

London Stock Exchange Group

Leveraging modern front-end frameworks such as React and Angular, along with cutting-edge back-end technologies like Node.js and AWS Lambda, I have developed new user interfaces that facilitated the transition from legacy to contemporary web development.

Technical Scope: React, Angular, Node.js, Amazon Web Services (AWS).

Education

Bachelor of Science,
Computer Science

Sharif University of Technology
